

Marketing Made Simple. Built to Scale.

From organizing brand assets to powering global marketing operations, MarcomCentral gives teams the tools to create, distribute, and control marketing without the complexity.

MarcomCentral is an all-in-one marketing platform designed to simplify how organizations manage, customize, and distribute their brand.

Whether you're a small team trying to get **organized** or a large enterprise managing **distributed marketing** across hundreds of locations, MarcomCentral eliminates inefficiencies, reduces manual work, and ensures brand consistency at every touchpoint.

With a flexible, scalable approach, MarcomCentral **empowers teams** to start with what they need today - and expand as their **marketing operations grow**.

MarcomCentral Core

Organize and Activate Your Brand

MarcomCentral Core gives growing teams a centralized hub to manage and distribute their brand assets with ease. Eliminate file chaos and empower your team to quickly find, customize, and use the latest marketing materials.

Key Benefits:

- Centralized digital asset management (DAM)
- Easy-to-use brand portal for internal teams
- Version-controlled asset customization
- Quick download and sharing capabilities
- Fast setup with minimal technical overhead

**Best for small teams looking to get organized and move faster*

MarcomCentral Commerce

Enable On-Demand Marketing Execution

MarcomCentral Commerce builds on Core by adding powerful eCommerce capabilities that allow teams to order branded materials whenever they need them, without bottlenecks or manual processes.

Key Benefits:

- Branded storefront for ordering marketing materials
- Streamlined ordering and fulfillment workflows
- Increased control over brand usage across locations
- Reduced errors and manual coordination
- Scales easily across teams and locations

**Best for growing organizations managing distributed teams or multiple locations*

MarcomCentral Flagship

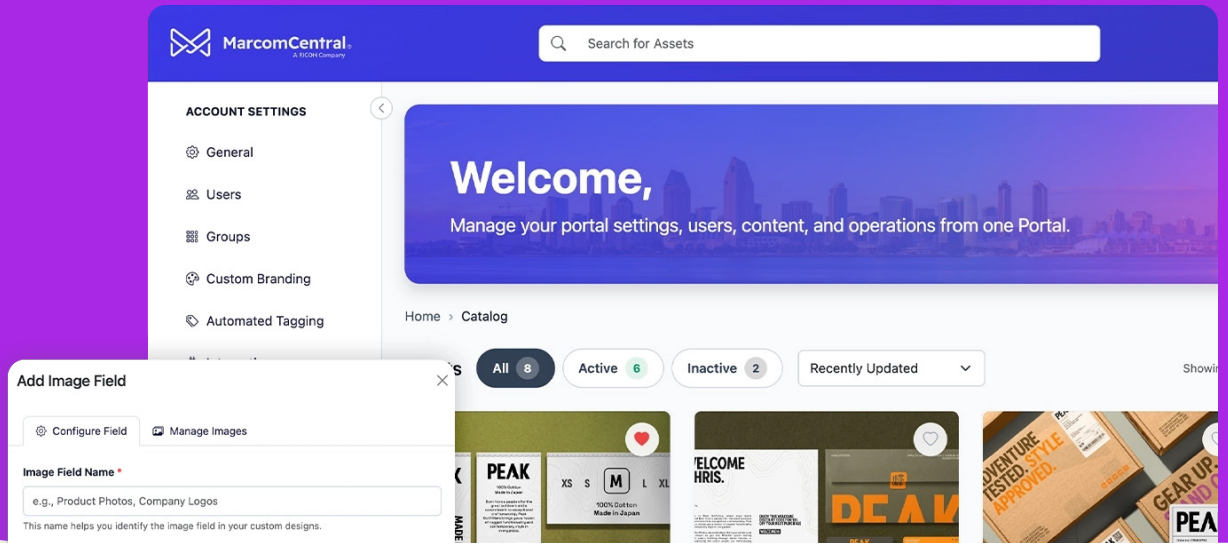

Power Enterprise Marketing Operations

MarcomCentral Flagship is a fully integrated marketing operations platform designed for organizations that need advanced customization, automation, and scalability.

Key Benefits:

- Advanced asset customization (including complex formats)
- Workflow automation with approvals and controls
- Budgeting and advanced commerce capabilities
- Unlimited users and enterprise scalability
- Integration-ready for existing tech stacks

**Best for enterprises and organizations with complex marketing ecosystems*

Why MarcomCentral

All-in-One Platform

Manage assets, customize content, enable ordering, and automate workflows all from a single solution.

Built for Distributed Marketing

Ensure brand consistency across teams, locations, and partners with centralized control and easy access.

Empower Self-Service

Give your team the tools they need to create and access marketing materials without relying on designers or bottlenecks.

Reduce Complexity

Replace manual processes, scattered tools, and inefficient workflows with a streamlined, intuitive platform.

Scale with Confidence

Start small and expand as your needs grow, from simple asset management to full-scale marketing operations.

Marketing shouldn't be complicated. Whether you're organizing your first brand portal or managing a global marketing ecosystem, MarcomCentral gives you the flexibility, control, and scalability to do it all. Simply and efficiently.

Start with **Core**. Grow with **Commerce**. Scale with **Flagship**.
